

Win Some Lose Some
Robbie Williams

C
We didn't think it'd last beyond summer,
F
I met her father, she met my mother,
C **Dm** **F**
we didn't have anywhere else to go

She said to me when we grow older,
F
will we still need young love on our shoulders,
C **Dm** **F**
does it just fade away, will we ever know?
C **G**
She touched my face and called me her lover,
F **Bb** **G** **F**
I never thought that I'd need another.

C **F** **C** **Dm**
Your cool suburban sun tan, you're fooling everyone,
F **C** **F** **C** **F**
you win some, you lose some.

C
I didn't know what we had found,
F
just caught the bus and rode it to town,
C **Dm** **F**
she wouldn't notice anything else but me.

C **F** **C** **Dm**
Your cool suburban sun tan, you're fooling everyone,
F
you win some, you lose some.

G
Dancing at discos and moaning at phone bills,
F
Torremolinos and sunburn in high heels,
G
Swap it and sell it and drop it and smell it,
Bb **F** **C**
all those years ago

F **C** **Dm** **F**
