C **G**
I guess we ve come full circle
Am **G** **F**
We re strangers once again
C **G** **F**
It s hard to know we d ever come to this
C **G** **Am** **G** **F**
It s funny you were sayin how you ll miss the good ole times
C **G** **F** **G** **C**
When all along I m thinkin you re the one I ll miss

[chorus]

G **C**
Love s a word I never throw around
F **G** **C**
So when I say I love you til the end
F **G** **Am** **G** **F**
I m talkin about until the day they lay me in the ground
C **G** **F**
Love s a word I never throw around

I d like to think you re leavin cuz I treated you unkind
Or maybe you just found somebody new
But I know the only reason you re leavin me behind
Is you re no longer feelin the way I feel for you

[chorus]

Well I m going to the country; spend some time out in the woods
Countin stars and sleepin all alone
And I can t say for certain it ll do me any good
But its time I grew accustomed to being on my own

[chorus]
