Hanging on a wall just like a thousand times you been there
   G
                 Α
                                D
A picture of a field of dandelions
  D
And a young stud colt a-following
         Em
Some old cowboy on a broom mare
  G
                                   D
                    Α
a-bound to make it home by dinner time
  D
There s a thunderhead a-coming
        Em
From the west and he s sure thinking
The rain would do this dusty dirt some good
        D
                                      Em
But it ain t a cowboys weather so he nudges his old faithful
     G
                     Α
And turns around to call out to the stud
[Chorus]
D
         Em

                     Α
                                        D
The devil beats his wife with a silver chain
D
         Em
                     D
Come on Willie, boy can t you hear the thunder
      G
                      Α
                                     D
Your ma and me don t travel well in rain
[Verse 2]
    D
It ain t nothing much to look at
       Em
Just a print I got from grandma
   G
                   Α
                                 D
A real west river cowgirl in her day
    D
And sometimes I need religion
          Em
Since the old girl s gone before me
      G
                       А
                                       D
