CAPO: 5

VERSE: C F Dm G7 C  
PRE CHORUS: Am F C G7 Am F G7  
CHORUS: C Em F G7 C Em Am F  
BRIDGE: Dm F C G7

VERSE:  
Time, it s so hard to trace  
when I can t see the looks on your face  
after all, we re strangers in the first place.

If I m not with you I m drinking, smoking,  
playing Russian roulette with a girl I just met  
some obsession.

PRE CHORUS:  
So in love and so mixed up it s not right  
If holding on means being strong,  
we re out of our minds

CHORUS:  
I thought I told you  
to breathe when you re going through  
our star crossed memories  
Look what you ve done to me  
It s no wonder we re so easy

VERSE:  
Insecurities,  
the ve made a fool of us both  
when we act on impulse  
and we wind up alone

In somebody s bed,  
staring at ceilings and finding  
your clothes in the evening  
your hands on your head,  
what have I done you ve said

PRE CHORUS:  
When I m so in love and  
so mixed up it s not right

If holding on means being strong,  
we don't got much time.

CHORUS:

I thought I told you  
to breathe when you're going through  
our star crossed memories  
Don't laugh when you lie to me  
It's no wonder we're so easy

BRIDGE:

So easy, So easy

CHORUS:

I thought I told you  
to breathe when you're going through  
our star crossed memories  
Look what you've done to me  
It's no wonder we're so easy

I thought I told you  
to breathe when you're going through  
our star crossed memories  
You're still a part of me  
It's no wonder we're so easy  
It's no wonder we're so easy
