**Robert Plant**

Polly Come Home

written by Gene Clark

**D Am**

If the wild bird could speak

**Em D**

She d tell of places you had been

**D Am**

She s been in my dreams

**Em Dm**

And she knows all the ways of the wind

Chorus

**C G D**

Polly, come home again

**C G D**

Spread your wings to the wind

**Em C**

I felt much of the pain

**D**

As it begins

**D Am**

Dreams cover much time

**Em**

Still they leave blind

**D**

The will to begin

**Am**

I searched for you there

**Em D**

And now look for you from within

repeat chorus
