And so on throughout the song.

LYRICS

She s the kind of girl you wanna marry  
The kind of girl you d walk the whole world for  
Put her on your back and just carry  
Her attitude is hotter than the earth s core  
When she s around nothing else matters  
Untouchable, she s got her own forcefield  
Sooner or later someone will get at her  
If I don t someone else will

Wanna love you girl, wanna love you - girl  
Wanna love you girl, wanna love you  
Wanna love you girl, wanna love you - girl  
Wanna love you girl, wanna love you  
Ohh! ohh! ohh! ohh! ohh! ohh! ohh! ohh!

She s the kind of girl you wanna marry  
Scientists say that she s the second sunshine  
And now my life is sweeter than berries  
I guess if we have sex our love will turn to wine  
When she s around nothing else matters  
Even if the sky was at a stand still  
If I turn my back then someone will get at her  
If I don t someone else will

Wanna love you girl, wanna love you - girl  
Wanna love you girl, wanna love you  
Wanna love you girl, wanna love you - girl  
Wanna love you girl, wanna love you  
Ohh! ohh! ohh! ohh! ohh! ohh! ohh! ohh!

Wanna love you girl, wanna love you  
(I m so glad I found you - oh girl!)

Wanna love you girl, wanna love you  
Wanna love you girl, wanna love you  
Wanna love you girl, ooo-oooh

Wanna love you girl, wanna love you  
(I m so glad I found you - oh girl!)

Wanna love you girl, wanna love you  
Wanna love you girl, wanna love you  
Wanna love you girl, ooo-oooh

Uhh! picture this all  
Picture my life and my intention to ball  
Picture this ice and how it glitter for y all  
Now don t you feel claustrophobic when that chick is involved?  
She changed your life - and your frame of mind  
Sorry I hope what I m saying is fine  
We fuss but we take it one day at a time  
If there s a fire you know that she ll lay in the line  
I just, close my eyes and curve my mouth  
Open my mind and words come out  
You re eclectic, you re creative  
You the picture girl I just painted  
I got it, you name it, it s all paid for  
Big castle on the sea shore, with the Willy Wonka decor  
How this sound - Mr. and Mrs. Skateboard - P

Wanna love you girl, wanna love you  
(I m so glad I found you - oh girl!)

Wanna love you girl, wanna love you  
Wanna love you girl, wanna love you  
Wanna love you girl, ooo-oooh
