Notes:

This is my first attempt at tablature! I m not using a program, simply a text editor. When following along with the CD, I find that I play one fret lower than what I have tabbed below. And oh by the way, I have only figured out 50% of this tune. I really love the song. I hope that someone finds my humble attempt and is motivated to submit a more credible and complete version.

- ^ - bend
- h - hammer
- r - release bend
- = - hold note
- / - slide up
- - slide down
- ... - carry over to next staff
- u - undetermined fret from which to slide up or down
- (x^y) - xth fret bent to yth fret as one continuous sound

(Begin Fig. A. Play this staff 3X in the intro and twice during each verse.)

```

E-----|
B-----12====12/14-----7====7-----|
G-----12====12/14-----7====7-----|
D-----12====12/14-----7====7-----7-----|
A-----14-----9-----7--9-----9--7-----|
E--12-----7-----|

```

(End Fig. A)

```

E-----|
B-----12====12/14-----7====7-----|
G-----12====12/14-----7====7-----|
D-----12====12/14-----7====7-----7-----|
A-----14-----9-----7--9-----9--7-----4-5--5h7-----|
E--12-----7-----9--5==5==-----|

```

This is harder than I thought. Hope it s enough to get someone motivated to submit a more complete version.
