[Verse 1]

Am

I knew it was a bad idea

G

Getting involved with a side of romance

F

But maybe it's what I deserve

Getting attached with my match

And it hurts so bad

Dm

Am

You're the only love I've ever had

G

I've seen the silhouette on my bed

F

Pouring it out, drinking it down

Taste so bitter

[Chorus]

C

I'm used to ripping hearts out

Dm

Now it's mine that's bleeding

Am

Never let my guard down

F

Now I'm barely breathing

C

Dm

Never thought I'd be the one to fall

Am

F

Now I'm in my castle all alone

C

Thought I was cool

Dm

But now I'm fucking freezing

Am

Never felt alone

F

Now staring at the ceiling, feeling

C

What goes around, comes around
