

Flanagans Song
Robyn Hitchcock

All the young girls look like ravens

As they flock around the pool

In the shadows of men s drool

Forever has no holes

You can glimpse the passing souls

This party s over
A
The bells are ringing themselves
B
I m going home

She was standing on the table

But I could not see in

A **E**
I have loved you from a distance
A **E**
Loved you from up close

I can nestle in your cloak
