

Midnight Acoustic
Rock Kills Kid

Am

No friends, nothing to do

G

No start, no end

Stuck in the middle

Am

Of all of these games

G

Running around in an empty room

Am

Bumping into the cold brick walls

G

Pierce my lips until blood

Starts falling out the side of my head

Am

And I ll sit, and rest

G

And try to remember where I left off

And do it again

Am G G F

Midnight, I lie awake

Am G G F

No sleep until my dying day, yeah

Am G G F

Midnight, and time to waste

Am G F

And I ll never move on, whoa whoa

Am G

Think deep, take myself to another scene

Am

Anywhere else, but this empty room

G

Where every breath feels like my last

And I ll never move on

F Am

And it feels so strange

G

Living every night like this

F Am

Wasting it away, oh oh oh

Am **G**
And it feels so strange

F
Wasting it away

And it feels so strange

Think deep, take myself to another scene
Anywhere else, but this empty room
Where every breath feels like my last
And I ll never move on

Am **G** **F**
And I ll never go on, whoa whoa
Whoa whoa, and I ll never go on
Whoa whoa...
