This Bad Check Is Gonna Stick - Rocket From The Crypt

Tabbed by: adslam3

Tuning: Standard

I figured this out on my acoustic so it s arranged for one guitar.
If you want to play electric you could use power chords or stick with
these chords, your choice. I m 99.99% sure this correct, but you can choose
where and how you want to play the chords.

INTRO

F# D Ebm D B

F# D Ebm D B

VERSE

F# **D**
Grab and take it all, the fruit is ripe now
