

Mix Tapes Cellmates
Rocky Votolato

Cellmates/ Mixtapes
By Rocky Votolato

Tabbed by Jet Turco

Tuning: **Eb, Ab, Db, Gb, Bb, Eb**
half step down/flat

When playing this you should finger pick it to get the softer sound plus it s much easier to be using two fingers instead of one pick.
Use the bar chords instead of the normal chords it s much easier because You can pluck the 3 strings that you are manipulating with your frethand.
Just roll down from the top chord, the middle chord, then the bottom. keeping that rolling motion the whole song.
