I remember when you were only seventeen

You were the finest girl that my eyes had ever seen

I guess you found it hard to simply just ignore

Ebm B C#

This scruffy beat up working class teenage troubadour

So we fell in love and I toured your heart with my out of tune guitar

F# C# Ebm

You were wonderful you were mystical and the envy of all of my friends

Seems like only yesterday under the stars on Brighton Beach

Oh what a time it was what a time to be alive

Remember Janice and Jimmy Kennedy and King how they cried

I sang to you the songs of Ramblin Jack

You were Greta Garbo and I was Karolac

F# C# Ebm

And we played so hard and we loved so hard seemed we never ever slept

They were crazy days they were wonderful days and I loved you with all of my

heart

Seems like only yesterday under the stars on Brighton Beach

Bridge

Ebm B

Your daddy had plans that did not include me

Ebm B

And he won't stay away from your door

Ebm B

And I dreamed how I dreamed I could steal you away

**G#m** **C#**  
To some far off distant shore

verse 3

**Badd9** **F#**  
Then early one morning I awoke to find you gone

You wrote I love you baby but it s time for me to move on  
**Ebm** **B**  
And so my teenage heart laid scattered on the floor  
**Ebm** **B** **C#**  
I swear to God I could not have loved you anymore  
**F#** **C#**  
And as I sit here tonight playing with my kids wondering  
**Ebm** **B**  
Where you are in this world  
**F#** **C#** **Ebm**  
**B**  
Did you find your man are you happy now do you ever stop and think about me
