```
Lost In You
Rod Stewart
G#
Hey baby
You ve been on my mind tonight
I m so lonely I just had to sit down and write
G#
I spent all yesterday
                              C#
Trying to figure out what i m gonna say
G#
One letter from the heart
              C#
Is so hard to start, baby
G#
How s your momma how s the weather
How s that son of mine, yeah
G#
Hey baby
                              C#
Been a long time since we made love
I m stone cold, the bed s hard, and the work is tough
G#
I m never gonna leave you again
This job ain t worth the pain
G#
No money in the world
                          C#
Ain t worth being away from you
G#
Ooh baby I don t sleep
Without you by my side, listen
Fm
                     Eb
I m in love with you woman
It s a common known natural fact
And i ve found what i m looking for
G#
And so much more than that
```

I m lost in you

G# C#

I m lost in you

G# C#

I m lost in you

G# C#

I m lost in you

Hey baby

You don t know what you ve done for me
I m so happy as any man can deserve to be
I was living in a life of sin
God knows what a mess I was in
So glad you found me
I ain t getting any younger
Hey baby, I just hope
It ain t all a dream

Fm Eb

I ${\tt m}$ in love with you woman

G# C

It s a common known natural fact

Fm El

And i ve found what i m looking for

G# C#

And so much more than that

G# C#

I m lost in you

I miss you, baby
(I miss you, too)

I miss your laughing eyes

I miss our baby crying

I wanna lay you out

And kiss you all over

I m coming home real soon

Be ready cause when I do $\,$

I m gonna make love to you

Like fifteen men

I m lost in you

And I love it

I m lost in you

And I love it

I m lost in, I m lost in

I m lost in you

And I just love it (repeat and fade)
