Lost In You
Rod Stewart

G#
Hey baby
                              C#
You ve been on my mind tonight
G#   **C#**
I m so lonely I just had to sit down and write
G#
I spent all yesterday
                                   C#
Trying to figure out what i m gonna say
G#
One letter from the heart
                 C#
Is so hard to start, baby
G#
How s your momma how s the weather
C#
How s that son of mine, yeah

G#
Hey baby
                            C#
Been a long time since we made love
G#   **C#**
I m stone cold, the bed s hard, and the work is tough
G#
I m never gonna leave you again
                      C#
This job ain t worth the pain
G#
No money in the world
                       C#
Ain t worth being away from you
G#
Ooh baby I don t sleep
C#
Without you by my side, listen

Fm   **Eb**
I m in love with you woman
G#   **C#**
It s a common known natural fact
Fm   **Eb**
And i ve found what i m looking for
G#   **C#**
And so much more than that
G#   **C#**

I m lost in you
G#   **C#**
I m lost in you
G#   **C#**
I m lost in you
G#   **C#**
I m lost in you

Hey baby
You don t know what you ve done for me
I m so happy as any man can deserve to be
I was living in a life of sin
God knows what a mess I was in
So glad you found me
I ain t getting any younger
Hey baby, I just hope
It ain t all a dream

Fm   **Eb**
I m in love with you woman
G#   **C#**
It s a common known natural fact
Fm   **Eb**
And i ve found what i m looking for
G#   **C#**
And so much more than that
G#   **C#**
I m lost in you
G#   **C#**
I m lost in you
G#   **C#**
I m lost in you
G#   **C#**
I m lost in you

I miss you, baby
(I miss you, too)

I miss your laughing eyes
I miss our baby crying
I wanna lay you out
And kiss you all over
I m coming home real soon
Be ready cause when I do
I m gonna make love to you
Like fifteen men

I m lost in you
And I love it
I m lost in you
And I love it
I m lost in, I m lost in
I m lost in you

And I just love it (repeat and fade)
