She Makes Me Happy
Rod Stewart
   Intro
Bsus B Bsus B x4
She makes me happy on the coldest day
She makes me happy when the clouds are gray
Every day like Christmas when she s in my house
                                   Bsus B Bsus B
She makes me happy and I wanna shout
                                                                Bsus B Bsus B
Now it s a funny old world, I never thought I could settle down
                                                   Bsus B Bsus B
But then I met a woman, gonna change my life around
        Dbm
Ah, the good Lord sent me down a little angel
I must change my ways
                                          Dbm
No more late nights out, we re on a boil, pissing my life away
She makes me happy with her downtown style
She makes me happy with her crooked smile
I go to bed laughing and I wake up smiling
                                         Bsus B Bsus B x2
She makes me happy, she smiles to me wild
В
                                                                    Bsus B Bsus B
I m a stubborn kind a fellow, never thought this could happen to me
                                                   Bsus B Bsus B
I could smoke and drink and gamble just as I please
Now I m working out daily and I m watching my waistline
No more burgers and flights
```

В

When I get home there s a hot bath waiting

Glass of wine on the side

```
She makes me happy when the day is done
She makes me happy like the summer sun
We re getting closer and we re making plans
                                     Bsus B Bsus B
She makes me happy, I want to dance, oh, yeah
Interlude

She makes me happy, can you understand?
She makes me happy, I m a reborn man
Dbm
She showed me loving is a wonderful thing
She makes me happy, wanna sing, sing, sing
She makes me happy, can you understand?
She makes me happy, I m a reborn man
Every day like this, messing around in my house
She makes me happy, yes she does
```

She makes me happy, she makes me happy
