**C**   **Am**                    **C**   **Am**  
Oh, yeah

*verse 1*

**C**                                    **Am**  
A shoulder to cry on  
**C**                                    **Am**  
Someone to lean on  
**C**                                    **Am**                    **Dm**                    **Gsus4 G**  
Someone to take you away  
**C**                                    **Am**  
Someone to talk to  
**C**                                    **Am**  
And somewhere to walk to  
**C**                                    **Am**                    **Dm**                    **Gsus4 G**  
I need to remind you someday

**Am**                                    **E**  
Whenever you need me  
**F**                                    **Fm**  
I ll make the time  
**C**  
To be with you (be with you)  
**G**  
To be with you (be with you)

*verse 2*

**C**                                    **Am**  
A night to remember  
**C**                                    **Am**  
The rain in September  
**C**                                    **Am**                    **Dm**                    **Gsus4 G**  
I want to share it with you  
**C**                                    **Am**
