Don t Let Your Feet Slow You Down

**F** **Dm** **Bb**  
Now you feel like going and you know Iâ€™m knowing

**F** **Dm** **G** **C**  
The keys to the highway ainâ€™t right on the wall

**Bb** **F** **Dm** **Bb**  
If you gotta go, hell, you oughta know

**F** **Dm** **G** **C**  
Your blue eyes said goodbye a long time ago

**Bb** **F** **Dm** **Bb**  
Your fever will burn till your heart ways will learn

**Gm** **C** **F**  
So donâ€™t let your feet slow you down

**Dm** **F** **Dm** **Bb**  
I know youâ€™re hearing sounds of those bright lights downtown

**F** **Dm** **G** **C**  
I know how you sparkle when I ainâ€™t around

**Bb** **F** **Dm** **Bb**  
Your heart is young and my time has come

**Gm** **C** **F**  
So donâ€™t let your feet slow you down

The trouble with lovin is the trouble with livin .  
You feel like you re givin and you feel like it s gone  
And you never know just which way to go  
Payin no mind to stop signs or forks in the road.  
Iâ€™ve had my day and youâ€™re on your way  
So donâ€™t let your feet slow you down

Now you donâ€™t need me, you just need to be free  
So donâ€™t let your feet slow you down  
Now donâ€™t let your feet slow you down
