If Looks Could Kill Rodney Crowell

If Looks Could Kill

Intro: D# F

Bb D# Bb

If today weren t just like any day perhaps I d try

D#

To shed this worn out skin so thick and learn to fly

D# F Bb

But I came home to face your ice and steel

D# Bb D# Bb

If looks could kill I would be gone today

Bb D# Bb

There s a fire that s burning in your eyes not in your heart

D# F

I can fan the flames but I can t make a spark

D# F Bb

And I don t like the way I make you feel

D# Bb D# Bb

If looks could kill I would be long since gone

D# F

If looks could kill then I d be pushing up your daisies

D# E E7

If looks could kill then I would not be going crazy

There s a stool that I ve been glued to for so many nights And a bar to pour my heart out to and make it right And I don t have to tell myself it s real

If looks could kill my heart would beat no more

Solo +:

If looks could kill then I d be deep in peaceful slumber

If looks could kill then I would not be going under

There s a gun out in the hallway covered up in dust That works well enough to turn this heartache into dust

Go on and let your lawyer make a deal

If looks could kill

If looks could kill I would be long since gone
