Lets Make Trouble
Rodney Crowell

Let's Make Trouble

G#
Get rid of your new boyfriend, let your world revolve around me
Yeah, I know I'm shameless and so full of conceit
C#
That's OK now, darling, though you're not easy to read
G#
I know what you want, baby, I know what you need

C#
Let's make trouble tonight, please don't put up a fight
G#
Let's make trouble tonight, it will be alright
Fm7
I don't want to be careful, I don't wanna be strong
I don't want to rise above myself, it's alright if I'm wrong
If it's a question of danger you've got nothing to fear
You know I won't hurt you, baby, so come on over here
C#
Let's make trouble tonight, please don't put up a fight
G#
Let's make trouble tonight, it will be alright

Solo

I don't wanna be humble, I'm not some desperate guy
I don't wanna buy into this (?) religion so I won't even try
Get rid of your boyfriend, baby, you don't need him no more
I wanna be everything there is in your life, what you're living for

Let's make trouble tonight, please don't put up a fight
Let's make trouble tonight, it will be alright
Let's make trouble tonight, please don't turn on the light
Let's make trouble tonight, it will be alright...
