Rodney Crowell

Nothing

Intro: **A F#m D A**

A F#m
I know I complain Mary drives me insane
D A
When I canâ€™t make a change that I wanna see
F#m
But itâ€™s all in my head but I canâ€™t find a thread
D A
So I stumble instead thus standing up for me

Chorus:

D E A
I donâ€™t feel nothing anymore
D E A
I canâ€™t pick myself off the floor
D
I donâ€™t feel nothing, baby

There was a time when the world was all mine
And the night was the light that was guiding me
There was a day when I knew what to say
What I want, what I need, whatâ€™s inside of me

Chorus + Intro

D A A7
I know there must be something else, wonâ€™t someone show it to me please
Bm A G E
And if I though that it might help, I would get down on my knees

Night after night, man, I know itâ€™ not right
Itâ€™s a fuzz and a fight (?) me
Tears come and go, weâ€™ve got nothing to show
But this hole in my soul that is killing me

Chorus
