

**I Think Of You**  
**Rodriguez**

[Verse 1]

**Amaj7**

Just a song we shared I ll hear

**Bm7**                      **Esus4**                      **E**

Brings memories back when you were here

**Amaj7**

Of your smile, your easy laughter

**Bm7**                      **Esus4**                      **E**

Of your kiss those moments after

[Chorus]

**Amaj7**

I think of you

**Bm7**

And I think of you

**Amaj7**

And think of you.

[Verse 2]

(same as 1)

Of the dreams we dream together

Of the love we vowed would never

Melt like snowflakes in the sun

My days now end, as they begun

[Chorus]

(same as first)

With thoughts of you

And I think of you

And think of you.

[Bridge]

**Bm7**                      **C#m7**

Down the streets I d walk with you

**Bm7**                      **C#m7**

Seeing others doing

**C#m7** **E**

Things we used to do.

**Ama j7**

Now these thoughts they re haunting me

**Bm7** **Esus4** **E**

Of how complete, I used to be

**Ama j7**

And in these times that we re apart

**Bm7** **Esus4** **E**

I ll hear that song that breaks my heart

**Ama j7**

And I think of you|

**Bm7** | x2

And think of you |

**Ama j7** **Bm7** **Esus4** **E**

And I do.

you may hit **Ama j7** for closure.
