You can show me the way

Give me a sunny day

If I could touch the stars

Where would I be without your love

A# F G7

Whenever I get to feel down and out

F

I think about what you said and then I give out

G/B

If I could fly away

If I could sail today

G7

Where would I go without your love

(**F7** C)

G7 F

And if I ever wander away too far

F G7 A#

Um, you come looking for me with open arms

C G/B

I could forget my heart

E7/G# Am

Feel like a rollin stone

G7

But where would I be without your love

G7

And what does it mean without your love

Where would I be?
