 When will you walk through my door?
 When will the clouds disappear?
 When will the story unfold?
 When will there be no more tears?

Hm Em Hm Em
 Cause it s okay, you say
 Am G F
 Don t you want to get, don t you want to get high?

Hm Em Hm Em
 Sing Lord knows, let go
 Am G F
 Don t you want to get, don t you want to get high?

Smile though the world feels so cold,
 Sing though there s no oneto hear
 Dream so the story unfolds,
 Laugh so there ll be no more fear

Cause it s okay, you say
 Don t you want to get, don t you wantto get high?

Sing Lord knows, let go

Don t you want to get, don t you wantto get high?

Lord there s a way, you know we ll say today

Don t you want toget, don t you want to get high

Sing Lord there s a way, your love will save the day

Don t you want to get, don t you want to get high
