

Breathe

Roger Waters

Eb **G#**
Breathe in the air
F **Bb**
Make for the meadow and savour the grass while it lasts
Eb **G#**
By and by
F **Bb**
Shadowy fingers of industry reach for the sky
Eb **G#**
Brick upon brick, stone upon stone they grow
F **Bb**
Choking the atmosphere oh so incredibly slowly
Eb **G#**
Sulfur and carbon and hydrogen sulphide and lime
Eb **G#**
Fever corrosion and cover your cities with grime
Eb **G#** **Bb**
Something is killing the land before your eyes
Eb
And the sunshine
G#
is not to blame
Eb **G#**
Could be the insane inhumane games we play
Bb **Eb**
Day by day

Eb **G#**
Riddle and fool
F **Bb**
Mushrooming home in a crowd, I m alone
Eb **G#**
Close your eyes lie still
F **Bb**
You are a mountain stream and I am a hill
Eb **G#**
Far, far away
F **Bb**
There is a field of blossom and bees and new mown hay
Eb **G#**
Breathe in the air (x4)
