

Breathe

Roger Waters

C **F**
Breathe in the air

D **G**
Make for the meadow and savour the grass while it lasts

C **F**
By and by

D **G**
Shadowy fingers of industry reach for the sky

C **F**
Brick upon brick, stone upon stone they grow

D **G**
Choking the atmosphere oh so incredibly slowly

C **F**
Sulfur and carbon and hydrogen sulphide and lime

C **F**
Fever corrosion and cover your cities with grime

C **F** **G**
Something is killing the land before your eyes

C
And the sunshine

F
is not to blame

C **F**
Could be the insane inhumane games we play

G **C**
Day by day

C **F**
Riddle and fool

D **G**
Mushrooming home in a crowd, I m alone

C **F**
Close your eyes lie still

D **G**
You are a mountain stream and I am a hill

C **F**
Far, far away

D **G**
There is a field of blossom and bees and new mown hay

C **F**
Breathe in the air (x4)
