A man was shot right through the hand

G# **F#/C**

Yesterday in Ixcatan

Nobody knows why

They saw the shooter fly

Late-model Chevrolet

Through the dust of a dying day

The fear of God dripping from his hands

Like the blood that was dripping in Ixcatan

F#/C **C#/G** **G#**

They held him up, down in Ixcatan

Bbm

F#/C

But the blood of a bull ain t the blood of a man
One s for love, the other for pain
But you can t tell that from the color of the stain
The color of the stain

Meanwhile on the mountain-side
A bull s being killed for a Spanish bride
The men were in the river washing blood from their hands
The wedding s gonna be in Ixcatan
The police here were looking for the crazy man
Put a bullet through a young man s hand
They down at the river with their automatic guns
The groom was washing up in the evening sun

They held him up, down in Ixcatan
But the blood of a bull ain t the blood of a man
One s for love, the other for pain
But you can t tell that from the color of the stain

They held him up, down in Ixcatan
But the blood of a bull ain t the blood of a man
One s for love, the other for pain
But you can t tell that from the color of the stain
From the color of the stain
The color of the stain
No you can t tell that from the color of the stain
The color of the stain
The color of the stain
No you can t tell that from the color of the stain
The color of the stain
The color of the stain
You can t tell that from the color of the stain
The color of the stain
The color of the stain
No you can t tell that from the color of the stain
The color of the stain
The color of the stain
You can t tell that from the color of the stain
The color of the stain
The color of the stain
You can t tell that from the color of the stain
The color of the stain
