A man was shot right through the hand
G#   **F#/C**
Yesterday in Ixcatan
Nobody knows why
They saw the shooter fly
Late-model Chevrolet
Through the dust of a dying day
The fear of God dripping from his hands
Like the blood that was dripping in Ixcatan

But the blood of a bull ain t the blood of a man
One s for love, the other for pain
But you can t tell that from the color of the stain
The color of the stain

Meanwhile on the mountain-side
A bull s being killed for a Spanish bride
The men were in the river washing blood from their hands
The wedding s gonna be in Ixcatan
The police here were looking for the crazy man
Put a bullet through a young man s hand
They down at the river with their automatic guns
The groom was washing up in the evening sun

They held him up, down in Ixcatan
But the blood of a bull ain t the blood of a man
One s for love, the other for pain
But you can t tell that from the color of the stain

They held him up, down in Ixcatan
But the blood of a bull ain t the blood of a man
One s for love, the other for pain
But you can t tell that from the color of the stain
From the color of the stain
The color of the stain
No you can t tell that from the color of the stain
The color of the stain
The color of the stain
No you can t tell that from the color of the stain
The color of the stain
The color of the stain
You can t tell that from the color of the stain
The color of the stain
The color of the stain
No you can t tell that from the color of the stain
The color of the stain
The color of the stain
You can t tell that from the color of the stain
The color of the stain
The color of the stain
You can t tell that from the color of the stain
The color of the stain
