**Bm** **A**

A man was shot right through the hand

**A** **G/C**

Yesterday in Ixcatan

Nobody knows why

They saw the shooter fly

Late-model Chevrolet

Through the dust of a dying day

The fear of God dripping from his hands

Like the blood that was dripping in Ixcatan

**G/C**                      **D/G**                      **A**  
They held him up, down in Ixcatan

**Bm**                      **G/C**  
But the blood of a bull ain t the blood of a man  
One s for love, the other for pain  
But you can t tell that from the color of the stain  
The color of the stain

Meanwhile on the mountain-side  
A bull s being killed for a Spanish bride  
The men were in the river washing blood from their hands  
The wedding s gonna be in Ixcatan  
The police here were looking for the crazy man  
Put a bullet through a young man s hand  
They down at the river with their automatic guns  
The groom was washing up in the evening sun

They held him up, down in Ixcatan  
But the blood of a bull ain t the blood of a man  
One s for love, the other for pain  
But you can t tell that from the color of the stain

They held him up, down in Ixcatan  
But the blood of a bull ain t the blood of a man  
One s for love, the other for pain  
But you can t tell that from the color of the stain  
From the color of the stain  
The color of the stain  
No you can t tell that from the color of the stain  
The color of the stain  
The color of the stain  
No you can t tell that from the color of the stain  
The color of the stain  
The color of the stain  
You can t tell that from the color of the stain  
The color of the stain  
The color of the stain  
No you can t tell that from the color of the stain  
The color of the stain  
The color of the stain  
You can t tell that from the color of the stain  
The color of the stain  
The color of the stain  
You can t tell that from the color of the stain  
The color of the stain
