You could use **G D Bm F#m** or **G D Bm F#** depending on individuals.
The arrangement below is highly recommended

Chords & Lyrics:

G D Bm F#m

I can taste the gin and oxy on your lips
I ll divide the world and fall between your hips

G D Bm F#

There s no way that I can save your life
When you can t even open your eyes
And I tried to right your wrongs
But I just end up with all of your lies

G D Bm F#

Whoa oh oh oh...

G D Bm F#m

Such a pretty face but such an ugly mess
You got everyone but choose the loneliness

G D Bm F#

Yeah we crash and burn
And we argue to the point of no return
Yeah I m finally done
And this song s been sung
So this I dedicate to you

G D Bm F#

Whoa oh oh oh...

G D Bm F#

Oh baby it s a dedication, a dedication
This is dedicated to you
Baby it s a dedication, a dedication
This is dedicated to you

G D Bm F#m

For the times we had
For the good and bad
This is dedicated to you

G D Bm F#

Such a pretty face that I must erase
This is dedicated to you
Oh baby it s a dedication, a dedication
This is dedicated to you
Baby it s a dedication, a dedication
This is dedicated to you
(Pause)

G D Bm F#

Whoa oh oh oh...
