I ve put the basic chords here but if you find this difficult or annoying you can just
transpose it down half a step and put a Capo on 1
This means that with Capo 1:
D# = **D**
Ab = **G**
Fm = **Em**
A# = **A**
It s much easier to play this way

INTRO:
D# - **Ab**

VERSE ONE:
D#   **Ab**   **D#**
   Stale sweat and cinnamon
       Ab   **D#**
I guess she is frightened most of all
Ab   **D#**   **Ab**
   Loves to fly but she s scared to fall

VERSE TWO:
D#   **Ab**   **D#**
   She s got scars on the outside
         Ab
Says they re the worst kind
     D#
And I don t ask
        Ab   **D#**   **Ab**
She turns the lights out and locks the door

CHORUS/HOOK:
Fm   **Ab**   **D#**   **Ab**
   If this is fate count me out
     Fm
And never try
   Ab   **D#**   **Ab**
Please never try to hold her down

THIRD AND FOURTH VERSES ARE THE SAME AS FIRST AND SECOND
VERSE THREE:
Broken home
Broken bones
She never told anyone but me
And everything seemed make believe

VERSE FOUR:

We both ran
You can t ever catch horizon
Guess that s why we ve both been riding so damn long
She says she thinks of me as home

CHORUS/HOOK:
Fm   **Ab**   **D#**   **Ab**
    If this is fate count me out
            Fm
And never try
        Ab   **D#**   **Ab**
Please never try to hold her down

BRIDGE:
A#   **Ab**
    Hands on hips and lips to lips
                A#   **Ab**
I don t know how much someone could take from   her
A#
    Fourth of July
Ab
 Watch the night sky
      A#   **Ab**
I m wondering why the truth ain t so easy this time

D# - **Ab** to finish
