In a Mississippi hotel room

Bm A G

I was wounded and confused

Bm A G

As I watched the 10 o'clock news

I was waiting on a late night call

Bm A G

That I knew would never come

And though I doubt it's what you'd want

D G D

I call you from the steps outside

Bm A G

You say you were fast asleep

Bm A G

And every lie, it tortures me

Bm A G

I can't kill what does not bleed

So please explain

Bm A G D A

Can you tell me what it is you need?

Bm A G D A

Cause I've been trying, still I cannot see

I just wanna give you everything

 To someone like me
