

Gold In Them Hills

Ron Sexsmith

Ron Sexsmith "Gold In Them Hills"
from the album "Cobblestone Runway"
Capo 2

C **F** **C**
I know it doesn't seem that way
F **Am** **Dm**
But maybe it's the perfect day
G **Dm**
Even though the bills are piling
G **C**
And maybe Lady Luck ain't smiling
F **C**
But if we'd only open our eyes
F **Am** **Dm**
We'd see the blessings in disguise
G **Dm**
That all the rain clouds are fountains
G **C** **Em**
Though our troubles seem like mountains

[Chorus]

F **G** **C** **Em**
There's gold in them hills
F **G** **Am**
There's gold in them hills
G **Am**
So don't lose heart
Dm **G** **C**
Give the day a chance to start

[Verse]

C **F** **C**
Every now and then life says
F **Am** **Dm**
Where do you think you're going so fast
G **Dm**
We're apt to think it cruel but sometimes
G **C**
It's a case of cruel to be kind
F **C**
And if we'd get up off our knees
F **Am** **Dm**
Why then we'd see the forest for the trees
G **Dm**

And we d see the new sun rising
Over the hills on the horizon

[Chorus]

There s gold in them hills
There s gold in them hills
So don t lose faith
Give the world a chance to say...
A word or two, my friend
There s no telling how the day might end
And we ll never know until we see that...

[Chorus]

There s gold in them hills
There s gold in them hills
So don t lose heart
Give the day a chance to start
There s gold in them hills...
There s gold in them hills...
