Tomorrow In Her Eyes
by Ron Sexsmith

Tabbed by George Frank (justicegf)

C **G**
I see tomorrow in her eyes
C
And where my future lies
F
So I don't need a crystal ball
Dm **G**
At all because I've seen tomorrow
C
In her eyes

C **G**
Whenever life tears us away
C
I'll hold on to the words we say
F
And if I have to wait awhile
Dm **G**
Then I'll be dreaming of tomorrow
C
And her smile

Dm
Someday soon love
F
Someday soon love
Am **G**
There'll be time for you and I love

C **G**
And time shall hold no sad surprise
C
More hellos than goodbyes
F
So I don't need my fortune told
Dm **G**
I know because I've seen tomorrow
C
In her eyes

F
No, I don't need a crystal ball
