Tomorrow In Her Eyes
by Ron Sexsmith

Tabbed by George Frank (justicegf)

D **A**
I see tomorrow in her eyes

D
And where my future lies

G
So I don't need a crystal ball

Em **A**
At all because I've seen tomorrow

D
In her eyes

D **A**
Whenever life tears us away

D
I'll hold on to the words we say

G
And if I have to wait awhile

Em **A**
Then I'll be dreaming of tomorrow

D
And her smile

Em
Someday soon love

G
Someday soon love

Bm **A**
There'll be time for you and I love

D **A**
And time shall hold no sad surprise

D
More hellos than goodbyes

G
So I don't need my fortune told

Em **A**
I know because I've seen tomorrow

D
In her eyes

G
No, I don't need a crystal ball

Em
