A good truck what I don t know I catch on real quick
I work week ends if I have to knights and holidays
Give you 40 and then some what ever it takes
Three dollars and change at the pump
Cost of logins high and going up

I put Robert down as a reference he s known me all my life
We attend the same church he introduced me to my wife
Gave my last job everything before it headed south
Put the shoes off of my childrens feet and the food out of their mouths

But their barley gettin by themselves.
