Verse 1

**G**                  **C**  
Baby, come over here, let s lay down  
                  **D**                                  **G**  
Whisper in my ear, oh, I love that sound  
                                  **C**  
Close your eyes, feel my touch  
                  **D**                                  **G**  
Oh, I ll die trying to give you as much

Chorus

**G**  
Cause your kind of love s the best ever made  
                  **D**  
Makes me wanna come home at the end of the day  
                  **C**                                  **D**  
And fall into your arms where I m safe from harm  
                  **G**  
Yeah, you re warm like the sun  
                                  **D**  
New like a dream, you re heart and soul  
  **C**  
You re showing me things that I ve never seen  
                  **D**                                  **G**  
And I can t get enough of your kind of love

Verse 2

**G**  **C**  
You know there was a time not that long ago  
                  **D**                                  **G**  
Oh, they called me a cowboy no one could rope  
  **C**  
Baby, look at me, give me another kiss  
                  **D**                                  **G**  
If I d kept on moving, look what I d have missed

Chorus

**G**  
Yeah, your kind of love s the best ever made  
                  **D**  
Makes me wanna come home at the end of the day
