

Flavour
Room Eleven

Intro

F **Em7** **Dm7**
F **Em7** **Am7**
F **Em7** **Dm7**
F **Em7**

Verse

Am7
I was doing the dishes when you entered the room
Dm7
You seemed early but you were late
Am7
You brought a nasty draft and my intuition knew
F **Em7**
I was shaking like it was our first date

My heart started beating faster than before
I dropped a teacup on my left little toe
Oh you knew I was hiding
â€˜Cause I had let the phone ring four times in a row

Chorus

F **Em7**
There was hardly time to taste it
Dm7
But your flavour said it all
F **Em7**
Now I know the taste was bitter
Am7
Now I know it, now I know it
F **Em7**
Hardly time to taste it
Dm7
But your flavour said it all
F
Now I know the taste was bitter
Em7
Now I know it all

Verse

The cup was broken
My toe felt the same
When I saw that big wrinkle on your face
When was the last time you looked at me in a nice way?
I was wondering for more than thirty days

Your mouth was open
But nothing came out
So I tried to tell a joke
My zipper was broken
Didn't see 'till you were gone
When it felt like a good time to smoke

Chorus

C **Bb**
I know that you were right
 C
I did it all wrong
Bb
Bitter tears ran down my cheek
C **Bb**
I wish I had said the things
 Am7
That were on the tip of on my tongue
But bitter fears made me weak

You oh you
You gave me ooh that feeling
Oh I hurt
Oh you didn't have to tell

Now I know it all
