Due to a bunch of people asking for chords, I figured I should just post it.
I did a cover on youtube but the chords here are updated.

I ve gotta get us back on track

Well, I don t know what to say
Every word just makes you turn away

Everyday I want to be with you
Well, I ve lost the battle and I m losing the war
And I keep on asking myself what for
If you believe in fate and destiny
Well, then open your eyes and believe in me

Believe in me (x5)

Listen to the song and follow along and you ll get it.
The only part I seem to not get was the bridge but I
pretty much worked my way around it and went with whatever sounded close.
If you happen to figure what the chords are, please let me know.
Thanks and enjoy!
