

Deep And Meaningless
Rooster

Acoustic version - capo on 2...

(verse 1)

G D7
I dont know why i miss you so much
Em7 C9
And i dont know why i still feel your touch
G D7
You left me feeling high and dry
Em7 C9
With nothing, nothing but the question why
D7 Em7
Yeah you, i guess you had another direction
D7 C9
Leaving me, with nothing but a dead connection

(chorus)

 G D7
If you call me today i ll say that im fine
 Em7 C9
But i bet you cant tell by the tone of my voice its just a lie
 G D7 Em7
You knew what you had but you still walked away leaving me in this mess
 C9 G
My love for you, is deep but meaningless

(verse 2 - repeat same chords from verse 1)

You knew what you were doing to me
And i guess i was too blind to see
Well you hit where it hurt and you fooled me so bad
But i d do it again to relive what we had
Damn thats sad
There are many things left to remind me
Of a love that i just cant leave behind me

(chorus - repeat same chords)
