

Im Not Awake Yet
Rory Gallagher

Rory Gallagher - I m Not Awake Yet (Deuce - 1971)

Rory probably played this using a capo on the 3rd fret,
but this tab is for standard with no capo. It doesn't
take long to transpose!

In between the verse lines and on the intro on the Gm
chord, Rory alternates between the Gm and this other
form of Gm I don't know the name of:

Gm Gm ?

```
E---3-----3---|
B---3-----6---|
G---3-----3---|
D---5-----3---|
A---5-----5---|
E---3-----3---|
```

Upstrokes and downstrokes are used, so it's best to listen
to the track to get the rhythm and develop the feel!
