

I heard you calling from the start

A river runs through both our hearts

A thousand shades of something new

I cannot wait to play for you

C G  
 So play your songs and make them real  
 D Em  
 There's a place for all we feel  
 C G  
 And it's closer than it seems  
 D G  
 Come and find your land of dreams  
 Chorus -->

**C** **G**  
 Land of dreams, land of dreams  
**D** **Em**  
 Come and find your land of dreams  
**C** **G**  
 And it's closer than it seems  
**D** **G**  
 Come and find your land of dreams

C G  
 The world is smaller in our eyes  
 D Em  
 The city streets and moonlit skies  
 C G  
 The shining waves and evergreens  
 D G  
 I will give you everything

**C** **G**  
Well you can hear the bells and strings

**D** **Em**  
Just wait until you make them ring

**C** **G**  
And it's closer than it seems

**D** **G**  
Come and find your land of dreams

Chorus --> 2X
