VERSE 2:(Same chords as first verse)

Well I hear in the news nearly every day
That some new war has begun
And it s so sad thinkin that desperate men
Gotta make their way with a gun

And they spray the air with insecticides
Bendin mind body and limb
And although it s cruel, we d all be fools
If we thought we d have to give in

CHORUS

A **C#**
Well I know there s no use sittin around
D **E**
Cryin over what s been done
A **C#**
Because there s no solution, and givin up now
D **E**
The race can still be won

A **C#**
And with a little hard work and determination
D **E**
You know that you re gonna pull through

So don t ask for nothin , don t look to no one

The future s all...up to you
