

**Gravity Dont Pull Me**  
**Rostam**

[Verse 1]

**Am** **C**  
Now it s been so many years

I wish I could say honestly

Gravity don t pull me

**Am** **C** **Em**  
That feeling coming through my body

**C**  
A train under my feet

**Dm**  
That s hurtling beneath me

[Chorus]

**C** **F** **G**  
And the worst way I ever felt

**Am** **F**  
Was from this same boy that I still miss

**C** **F** **G**  
Cause I messed it up

**Am** **F**  
And it broke my heart

**C** **F** **G**  
And the worst things I ever did

**Am** **F**  
Was to this same boy I couldn t help it

**C** **F** **G**  
I messed things up

**Am** **F**  
And it broke my heart

**Dm** **C** **G**  
Yeah, the worst way I ever felt

**C**  
Was from this same boy that I still miss

**G**  
Cause I messed it up

**C**  
And it broke my heart

[Verse 2]

**Am** **Em**

Now it s been so long I honestly

**C**

Wish I could see clearly

But the memory still hurts me

**Am** **Em**

If I feel it in the morning

**C**

A gentle street that s bustling

**G**

Underneath my open window

[Chorus]

**Dm** **C** **G**

But the worst way I ever felt

**Am** **F**

Was from this same boy that I still miss

**G**

Cause I messed it up

**F**

And it broke my heart

**Dm** **G**

And the worst things I ever did

**C**

Was to this same boy I couldn t help it

**G**

I messed things up

**C** **Dm**

And I broke his heart

[Bridge]

**F** **C**

So I bite my lip and I hold my tongue

**G** **C**

And I wait for the pain to be gone

**F** **Am** **C** **G** **Am**

But some days I still let you back in

**Dm** **Em**

I bite my lip and I hold my tongue

**G** **Em** **Am**

And I wait for the pain to be gone

**F** **C** **G** **F**

But some days, some days, I still let it back in

[Chorus]

**F** **G**

But the worst way I ever felt

**Em** **Am** **F**

Was from this same boy that I still miss

**G**  
Cause I messed it up

**C**           **Am**  
And it broke my heart

**Dm**                           **G**  
And the worst things I ever did

**C**  
Was to this same boy I couldn't help it

**G**  
I messed things up

**C**  
And it broke my heart
