This is another beautiful song by the lovely Roxanne Emery! I hope these are the correct chords etc. If they re not, please comment and let me know :)

Intro: (more plucking, but I really can t pluck to save my life :L so you don t have to ;D)

G, Em7, Cadd9, C.

G, Em7, Cadd9.

Verse 1:

Em7 **G**
We walk into a bar to take cover from the cold,
Cadd9
See a face I used to know once,
D/F#
My body turns to stone.
Em7 **G**
My friend grabs my hand cos she knows about this man,
Cadd9
She says lets leave ,
D/F#
I say I dont think I can .
Em7 **G** **D/F#**
And then Im right back where we were.
Em7 **G** **D/F#**
You made lungs of my eyes and your face was the air.
Em7 **G**
Walking up to me my head echoes with his name,
Cadd9
After all these years,
D/F#
He still looks the same.
Em7 **G**
He says Im looking well and Ive never know him wrong,
Cadd9
this smiles just the armour,
D/F#
I built when he was gone.
Em7 **G** **D/F#**
Then Im right back where we were,
Em7 **G** **D/F#**
You made lungs of my body and your hands were the air.

Chorus:

G **D**
And if a cold heart feels no pain,
Em7 **Cadd9**
Then tonight Ill sleep out in the rain,
G **D**
And if a cold heart means I cant love again,
Em7 **Cadd9**
Well, that is a price I am willing to pay.
G **D*** (let ring) **Em7***
So tonight, Ill sleep out in the rain.

Music:

G, Em7, Cadd9.

Verse 2:

Em7 **G**
I remember the pain so I say I have to go,
Cadd9
Leave before he does,
D/F#
Thats the one thing that I know.
Em7 **G**
He puts his arms around me for the last time.
Cadd9
Please God get me outta here,
D/F#
The salts upon my eyes.
Em7 **G** **D/F#**
Then Im right back where we were,
Em7 **G** **D/F#**
Running away from you gasping for air.

Chorus:

G **D**
And if a cold heart feels no pain,
Em7 **Cadd9**
Then tonight Ill sleep out in the rain,
G **D**
And if a cold heart means I cant love again,
Em7 **Cadd9**
Well, that is a price I am willing to pay.
G **D**
Cos a cold heart could hear your name,
Em7 **Cadd9**
And a cold heart could forget your face.
G **D** **Em7**
So tonight, Ill sleep out in the rain.

Music:

G, Em7, Cadd9.

Chorus:

G* **D***
And if a cold heart still feels pain,
Em7* **Cadd9**
At least these tears will wash away in this rain.
G **D**
Cos a cold heart could hear your name,
Em7 **Cadd9**
And a cold heart could forget your face.
G **D**
I hear your name and I see your face,
Em7 **Cadd9**
I hear your name and I see your face.
G D **Em7 Cadd9** **G**
So tonight, yeah tonight, Ill sleep out in the rain.
