

So Far Away
Roxette

D
In the coldest time of year
Bm
darkness all around my heart.
D
I was alone but didn't fear
Bm **G**
to wander in the light of stars.
D
In the bright and silent night,
Bm
winds would knock and disappear.
F#m
Still I felt the feeling near,
G **A**
like the first time you were ever here

D **A**
You're so far away, so far away,
Bm
you left me, you told me you would stay.
G
You never said goodbye
Gm **D**
and I'll keep wondering why,
A
I keep on wondering how,
Bm **A**
oh come unto me now

D
I have breathed the morning air,
Bm
I have heard the four winds blow.
D
I was weary but prepared
Bm **G**
to follow down this lonely road.
D
In the room where lovers sleep,
Bm
winds would knock and disappear.
F#m
Still I felt the music near,
G **A**
like the first time we were ever here

D **A**
You re so far away, so far away,
Bm
you left me, you told me you would stay.

G
You never said goodbye
Gm **D**
and I ll keep wondering why,

A
I keep on wondering how,
Bm
oh come unto me now

A
I keep on wondering how...
F#m **G** **A**
oh come inside me now.

D **Bm**
La la la la.....oh,You re so far away
D **Bm** **G** **D**
La la la la..... u,uhu,uhu...

Bm
La la la la....
F#m **G**
La la la la la.....

A **D** **D** **G** **D**
You re so far away...
