Some Other Summer Roxette

Intro: **Em A D G** (2x)

Em

You locked the door

Don t know why

D

You had to keep

It all inside

Em

Just had to smell

That sweet perfume

And watch the stars

The soul, the room

\mathbf{Em}

Some other summer

Some other summer

You will do better

Oh the crash will make you Strong

Em

Some other Sunshine

Some other shoreline

You will do better

Oh the burning...

 \mathbf{Em}

You cut your heart

You did it fast

No one wants

G

The pain to last

Em

```
And all the beauty
Gathered round
Your tained dream
Went underground
\mathbf{E}\mathbf{m}
Some other summer
Some other summer
You will do better
Oh the crash will make you Strong
Some other Sunshine
Some other shoreline
You will do better
Oh the burning makes you Strong
Some other summer
Some other summer
You will do better
Better better better
Some other Friday
Some other Saturday
You will do better
                          Gm
Oh the burning makes you Strong
```
