Bb **C** **Dm** **C** **Eb Cm Eb**
You don t understand me, my feelings, the reason I m breathin , my love

The mornin comes and you re reaching out for me just like everything s the same
and I let myself believe things are gonna change.
When you kiss my mouth and you hold my body close, do you wonder who s inside?
Maybe there s no way we could feel each other s pain.
Tell me why it gets harder to know where I stand.
I guess loneliness found a new friend, here I am
You don t understand me...

Solo: **Gm F Bb F Eb** (2x)

You don t seem to get me, my baby. You don t really see that I live for your touch.
You don t understand me, my dreams or the things I believe in, my love.
You don t understand me. You don t understand me. Understand me.
