[Verse 1]
```
        A          A/G        F#m        F
I could show you in a word, if I wanted to,
A              A/G        F#m                          F
   A window on the world,      with a lovely view,
       A          A/G      F#m              F
From close-up in - side, a single room,
         A          A/G          F#m              F
With an open book a - side, like you read in school!
```

{Verse 2}
```
    A          A/E            D                   F
It s so easy,      believe me,     when you need fun,
         A        D      F      A
I d do anything to turn...    you on,
   A       D      F      A
Anything to turn...     you on!
```

[Verse 3]
```
        A       A/G       F#m           F
Is it raining in New York, down 5th Avenue?
          A       A/G       F#m                           F
And off Broadway, after dark, love the lights, don t you?
            A                 A/G
I could walk you through-------  the park,
            F#m           F
If you re feeling blue, or whatever!
```

[Verse 4]
```
A                 A/E           D                     F
   Spring, Summer...   whenever,      Winter through Fall,
          A       D    F      A
I d do anything to turn...     you on,
    A        D    F       A
Anything to turn...    you on!  Oh - hoh!

[Verse 5]
```
        A           A/G                   F#m         F
I would leave you as------  you were, if I wanted to,
          A           A/G           F#m
Then I wonder, is it fair, now you re on your own?
      F             A               A/E
Who cares about you,     except me?        God, help me!
D                 F             A         D       F

D                 F             A       D     F      A
   When things go wrong, I d do anything to tu---- rn----  you on!
