I recommend voicings because they allow you to strum harder
Chords used: without having to worry about avoiding the top strings.

D#7sus4: [x 6 6 6 4 x] **D#** : [6 6 5 x x x]
Amaj7b5: [x 0 6 6 4 x] **E** : [7 7 6 x x x]
Emaj13 : [0 x 6 6 4 x] **G#m**: [11 11 9 x x x]

Unfortunately there were no lyrics listed for the second verse, and while I ve tried to write what I think I hear, they almost definitely aren t correct. If later, more accurate lyrics have been uploaded, I will update the tab with those lyrics.
